Profile

I'm post graduated from HBTU, Kanpur in 2015 with a degree of Mast of Computer Application (MCA). I started my professional career as a front end developer from NMSS Tech, Noida.
The tech industry is ever-evolving and I love being able to grow with it, while continually solidifying the fundamentals.
I also love joining communities, helping and mentoring new developers, and supporting organizations to promote diversity in tech.

Career Objective

An enthusiast real-world problems solving using engineering skills with passion for learning, leadership and collaboration. Achieve a key position in the dynamic & result oriented organization and help the organization in achieving their goals with team work, sincerity and dedication.
